

EXT> Dear Sir or Madam,>

> I am both a Sirius subscriber and share holder (very small);
> I am in favor of the subject merger. I believe that both company's
> services are struggling to compete with the very broad music/audio
> entertainment sector. Allowing the combination would enhance subscriber
> value by allowing access to a broader spectrum of choices without having
> to have subscriptions to both services. I also believe that there are
> huge synergy opportunities (cost reductions) that would allow the merged
> company to compete more evenly with competitors (iPods, PDAs, mobile
> telephones, broadcast radio, cable television, etc etc). Both of these
> would also potentially lead to enhanced shareholder value, which is badly
> needed at this point.

> Please let me know if I need to submit something further for
> proper documentation of my comments.

>

> Sincerely,
> Richard Katlein
